Welcome to everyone,

Once again I am delighted to be the Howden Show President and part of the long tradition of this annual event.

Last year I believe, was one of the best Howden Show days for many years. The weather was great and the visitor numbers excellent. There was lots for people to see and do too.

For me it was a lot of fun and I got to watch events and present prizes. However I hadn't bargained for the kids fancy dress competition and the "competitive" parents accompanying it. All I will say is the seagull won because it was an original idea and it would have been hard to pick a winner from the princesses from Disney's Frozen!

The Show committee works very hard to put on a great day for us all and so please show your appreciation to them by enthusiastically taking part in all things today.

Have an enjoyable day out and help build on the success of 137 years of Howden Show history.

Best regards

When we started planning this year's show we decided to ask you which acts you had most enjoyed last year and what you would like to see at the show. This feedback has very much influenced what we are presenting this year and we hope you enjoy all the entertainment.

K92000 Dog Display Team

The team is made up of 10-15 various breeds of pet dogs which entertain and appeal to audiences of different ages. The young energetic team present a fresh dynamic display of canine control to music, alongside a highly informative, amusing, and professional commentary. K92000 will also be hosting a have a go dog agility class throughout the day.

<http://britishdogtraining.com/k92000/index.php/display-team>

Josephs Racing Pigs

Six rare breed pigs, ranging from Tamworths to Gloucester Old Spots to Saddlebacks to Berkshires to Oxford sandy and blacks, will fill your arena with their amusing antics. The handlers in country style outfits encourage them down the track by shaking a bucket of food and the pigs hurl themselves over the hurdles in their rush to be the first to the bucket !

HOWDENSSHIRE magazine

Available from stockists across Howdenshire, priced at just £2.
Howdenshire Magazine is proud to support Howden Show.

Building on the great success of last year's Community Marque, and again sponsored by Howden Town Council, as a new venture last year, the marque will be **bigger** this year! We are delighted once again to have a varied programme of music and musicians, some of whom performed last year, and some who are with us for the first time. The Community Marque has added a new dimension to Howden Show, testimony to the fact that the committee (all volunteers) is always seeking – and is open to – ideas for developing the Show's appeal. Running from 11.15am to 4.00pm we will have a rolling roster of artists who are taking the opportunity to showcase their skills.

Maybe you are looking for a new hobby? Then you might fancy a look at The Howden & District U3A Ukelele Orchestra, or even at the range of instruments in AISortz. Or, if you are looking for a choir that can add a little something extra to your event then check out the exciting Goole & Market Weighton Rock Choir, and, certainly not to be missed, the ever-popular The Bud, The Dad & The Cuddly! Details of all these performers, along with the very talented Molly Curtis and the splendid tenor, Jacob Walsh - and the timings - will be posted outside the Community Marquee.

We are grateful to Mike Smith for pulling together and compering this programme of entertainment and also to all of the people helping out and performing in this space.

12.30 - 1.00	Molly Curtis	Singer/songwriter from Goole
1.15 - 1.45	Allsortz	A bit of jazz but also swing, rock, and more classical pieces
2.00 - 2.30	The Bud, The Dad & The Cuddly	Folk group: including Mick O'Hara from Hemingbrough and Howden's Jack Firminger
2.45 - 3.15	Goole & Market Weighton Rock Choir	Choir
3.30 - 4.00	Jacob Walsh	Tenor

This year the Food & Drink Marquee will welcome back **Mina Said Allsopp, Wild Food Specialist** whose enthusiastic and infectious presentations entertained so many at last year's show. Mina is a wild food specialist who spends all her free time rooting amongst the undergrowth to find that elusive mushroom. She believes that knowing more about our food and getting closer to nature is the key to leading a healthier and more sustainable life.

Local Greengrocer Chris Lewis owner of **Annie's Fruit Bowl** will also be giving some cookery demonstrations using lots of lovely fresh veg, he will be ably assisted by local Food Blogger **Sarah Cook**.

New to the show this year **Flourish & Prosper** will be running a Prosecco Bar offering a number of different styles of this very popular fizz by the glass. Other highlights include a selection of Gins and

award winning brownies from the **Jug & Bottle**, some Fabulously fruity fruit wines and some delicious Yorkshire Pies.

BLUEBERRY
HILL PRESERVES
BIG FLAVOURS GREAT TASTE

Blueberry Hill Preserves return with their range of Artisan Chutneys, Preserves, Curds and Wensleydale Cheese. **Annie's Fruit Bowl** will be promoting their home delivered fruit and veg boxes. Returning to the catered

section are the **Yorkshire Wagyu Co** who will also have a stand in the Food Festival offering a selection of very tasty cuts of Wagyu beef.

Pipers Crisps endeavour to cook Britain's tastiest potato crisps. Since 2007 they have won 31 Gold Great Taste Awards and been voted "Best Snack Brand" by the readers of Fine Food Digest.

It's a Prosecco Love Thing

This year's Food & Drink Festival features a Prosecco Bar offering a number of different styles of Prosecco by the glass so it seems a good moment to explain exactly what is Prosecco. Prosecco is a sparkling wine from the Veneto region of Italy made with a grape variety called Glera which used to be known as Prosecco but cleverly the Italians changed its name so they could protect the name Prosecco and prevent other countries from producing a wine of the same name.

Prosecco comes as either Spumante which translates as sparkling or Frizzante which is semi sparkling and will often come in a screw topped bottle rather than having a cork held on by a wire cage. The Frizzante style is lighter in alcohol and often cheaper as it attracts a lower rate of duty than the more alcoholic Spumante style. There are 'Rose Prosecco's' though these cannot be labelled as Prosecco because they are not compliant with the regions wine regulations and so are labelled Rose Spumante. These pink versions gain their colour from the addition of a little of the local red wine which brings a burst of summer fruit to the normal lemon sherbet note of Prosecco.

Whichever style you love we hope the Prosecco bar will bring a little bit of excitement to this year's show.

This year is the 137th Howden show, the first one was in 1828 and was originally in April and held in conjunction with the town's horse fair – for which Howden was then famous for throughout Europe. In 1855 the newly formed Howdenshire Floral and Horticultural Society held their first exhibition, on the same site as the show today. The two shows continued to run separately until 1860 when both were run on the 16th August at opposite ends of the town. From then on, with the exception of a short period in the 1870's and, of course, during the war years, the Howden Show has been run within the town. There have been many changes over those years, but the Howden Show still aims to provide an educational and entertaining event focusing on agriculture and horticulture in the local community in which all age groups and community organisations can participate.

The competitions and classes that are in the schedule today may be different to over 100 years ago, no longer is there a goldfinches or thrushes exhibition, the hackney horses have change to the equestrian competition and the "best cottager's store pig" has sadly not been included this year either, but the quality of the competitions is still as strong today as it always has been ! Over the years there have been many events come and go, some people will remember the hotly contested and highly prized cycling events, but the livestock events are still here and very popular. The rare breed sheep display is fantastic to see, but the cattle competition is still many peoples favourite !

It was with great trepidation that I took on the mantle of Secretary for the Howden show, Sally (our outgoing Secretary) has guided the show for such a long time and done so with consummate skill and panache, a very hard act to follow. Fortunately she is still around for me to ask how to do things, as without her, I fear we would all be lost. The small but well-formed team have once again pulled out the stops to make sure the show happens again this year. Last year we had a huge turnout, around 5,500 people, for the show, and as always it is down to great weather that we can attribute the numbers of people – at one point we ran out of tickets ! Reading back through previous programmes, it's the weather that has a huge influence on attendance, back in 1950;

“The downpour continued steadily until the middle of the afternoon, when conditions improved and so did the attendance, though it was only about half that or perfect conditions”.

The show costs a lot to put on every year, and it's only possible due to the sponsors and advertisers that support the show through their patronage. Wren have continued to be our main sponsor this year and again are present with us on the show field. Many things are better in the sunshine and some of the entertainment lined up this year would rival many a larger show. The Welsh Axeman sure can't be missed and we should all choose and cheer for a favourite pig in the pig races – come on the Gloucester Old Spot ! And for those entering the Dog classes, we can stand back and watch the professionals in the dog display team. There have been many calls for a skate park in Howden so hopefully King Ramps will inspire some of those with that passion. But if it's skills of a different nature then maybe Sure Fire Circus will draw some interest — watch them in the main arena and wandering around the site also. The Community Marquee once again runs a programme of music but this year is bigger and better due to the demand we found last year.

The show is organised by a small number of volunteers over the course of a year and a larger number on the weekend of the show. It wouldn't be possible without all of them pulling together as a team—so it's heartfelt thanks, and here's hoping for a bright and sunny day !

The Ashes Playing Field Trust welcomes Howden Show to our town centre park in this our 90th anniversary year.

It was 90 years ago, in 1927, that Charles Briggs gave the 15.5 acres of land known as 'The Ashes' to the people of Howden for the purposes of recreation. Much of the layout of the park that you see today is the result of the influence of this philanthropic gentleman and 90 years on it continues to be maintained and developed by a group of volunteer Trustees relying on fundraising, grants and donations for the upkeep.

To mark the 90th year the Trust has been fortunate in acquiring a grant from the Heritage Lottery Fund for a special project entitled '90 Memories from 90 Years'. This project has seen volunteers and Trustees gathering together the wonderful memories people have of The Ashes. Many of these can be seen in a special display here at the Show which will move to the new Howden Heritage Centre throughout the month of July. An interpretation board detailing key aspects of the history of the park and a leaflet for visitors are planned as lasting

outcomes of this project.

Visitors to The Ashes in 2017 will see that the last remaining debris from the pavilion fire in 2015 has now been removed thanks to money from the Tesco 'Bags of Help' fund. Our architect is now working with us on plans for a very special outdoor performance space for this area.

Plans are also well advanced for an attractive 'Visitor Point' to be built at the end of the groundsman's shed. Work on this will commence once planning permission has been acquired and the finances have been secured. The Visitor Point will be a focus for nature trails and visits by school children using and learning about the park.

If you have some free time and would like to be a part of the organising team, please email: secretary@howdenshow.co.uk

Our 'Friends of the Ashes' scheme launched last year gives the people of Howden the opportunity to financially support these park improvements and ensure they become a reality. The Friends are supported in their work by The Lord Lieutenant of the East Riding of Yorkshire who is their Patron. The Trust also seeks volunteer friends who can help by devoting some of their time to assist with fundraising efforts. Pick up one of our leaflets here at the show and become a 'Friend' today!

Introduction

The cattle showing classes have long been an important part of Howden Show, attracting exhibitors from across the region and beyond. Once again, the standard of entries is expected to be high. In addition to the cattle classes this year Skylark are bringing along their rare breed sheep for you to admire !

Screetons will be sponsoring the Livestock Show again this year.

Our Cattle judge for this year is **Mr Anthony Kitson** of Kitsons Butchers, Northallerton, Stockton-on-Tees & Hutton Rudby. Kitsons Butchers is one of the north's longest established butchers, with roots stretching as

far back as 1693 to Batley in West Yorkshire and across many generations. Relocating to the north-east, the family first took over a butcher's shop in Stockton-on-Tees shop in 1903, with Hutton Rudby following some years later. The Northallerton shop is a more recent addition to the Kitsons' fold, opening a stone's throw from the town's auction mart. It is managed by Martin Calvert, who has worked for Kitsons for 25 years.

Rare Breed Sheep

Skyllark rare breeds was established around seven years ago with the aim to preserve animals that are on the rare breeds survival trusts list. We have had different goats, pigs, cattle and poultry off the list but decided to concentrate on sheep as we found them more enjoyable to show promote and breed. At the present time we have Lincoln Longwools, North

Ronaldsys Portlands and specialising in Greyface Dartmoors visiting as many shows as work permits not only for showing but happy to display and promote our animals to educate and give children and adults the chance

to get close and see the different characteristics of the breeds.

This year at the Howden Show Skylarks are displaying their sheep for you to judge with a variety of categories for all the family to get involved with. There is also the opportunity to get up close and personal and visitors have the chance to handle the sheep. Skylarks will be on hand to help everyone and answer any questions that budding shepherds might have. Drop by and have a look.

Everything reasonably practicable has been done to ensure the health, safety and welfare of those attending at Howden Show.

In the event of an accident involving competitors or visitors to the show, stewards and paramedics are available to help. Any accident or incident must be reported to the secretary's tent or the nearest steward. All stewards will be wearing yellow, high visibility vests.

Access points to and from the site and rings must be kept clear. Visitors and competitors must heed requests made by officials and stewards in relation to parking and the movement of vehicles and animals around the site.

The Howden Show Committee reserves the right to exclude any person who does not comply with regulations or any reasonable request made by show officials and stewards.

Mobile toilet facilities are provided around the showground; please leave them as you would like to find them.

Visitors and competitors are advised to wash their hands upon leaving the areas of the showground where animals are on display.

Parking for Blue Badge holders

Special parking arrangements have been made for disabled people with Blue Badges. The designated car park is the Bishops Manor, accessed off Hailgate.

Please follow the signs.

For extra help accessing the showground, please call **07970 445356** to pre-arrange.

Public Bar

Once again, **Howden Rotary Club** will be operating the public bar service in association this year with the Half Moon Brewery of Ellerton.

All profits from the bar will go to the Rotary's local projects, details of which will be announced later. The show is extremely grateful to Howden Rotaries band of volunteers who help every year with manning the bar and some of the gates without them we could not operate.

At the show we are keen to promote good small local producers and are delighted that Half Moon are able to join us again this year. You may remember that last year they brewed a special beer for the show using fresh Elderflowers that Jackie hand-picked around her village. An epic act that I am not sure she will repeat this year but I don't doubt they will bring some excellent beers along.

Introducing a Local Craft Brewery

A family run micro brewery owned by Tony and Jackie Rogers, located in the idyllic village of Ellerton, East Yorkshire.

We produce consistently, high quality, award winning beers which are hand crafted in true artisan style in the original blacksmiths forge.

We're passionate about many things in life, including beer, food and live music, we also enjoy a good debate. The brewery is always open so please call in and see us. It has been a long term ambition of ours to produce real ales for like minded people.

Volunteering and helping at the Howden Show

The Howden Show is pulled together by a small team of people working diligently through the year. For most of the year a small amount of effort is needed, organising and talking to people that want to be part of the show. Building up to show day in July when it's all hands to the pumps, or perhaps field. We'd like to say a huge thankyou to all of the extra help that appears every year to help with putting the show field together—without you the show would not be possible !!

If you are interested in knowing more about the show, or helping (in whatever capacity), email; secretary@howdenshow.co.uk or we meet in the Wellington Hotel function room at 7.30pm on the first Monday of the month starting in September for the next show—all are welcome.

Additional thanks to the Wellington Hotel for allowing us to use their function room !

In keeping with our charitable aims to promote Agriculture and Horticulture, we have arranged for a range of rural crafts demonstrations to take place throughout the day. The demonstrators will be happy to answer any questions which you have.

Here are the details of this year's demonstrators:

Belgian Heavy Horses

The **Belgian horse** is a heavy, powerful horse, native to the fertile pastures of Belgium. These were horses that carried knights into battle in medieval Europe

Gordon McKay will be exhibiting a pair called Cindy and Daisy along with a traditional Potato Harvester.

Willow Weaving

'Scrog's Willow Suppliers is a family owned and run business consisting of an 11 acre wood based in the village of Monk Fyston, just off the A63, Leeds. We specialise in Willow weaving, sculptures and also produce a supply of floristry and specialist basketry willow. We grow all our own willow and currently have approximately 18000 trees growing.

We offer a range of Willow weaving courses suitable for all ages and abilities and accommodate all persons whether as an individual or part of a group; or why not come and enjoy a tour of the woodlands and see where the Willow journey begins.' At the Howden Show we will be demonstrating the process from tree to finished product and you are welcome to join in and create your own willow work of art.

Lee Steele - The Potter-man

This is the first time Lee has exhibited at the Howden Show and it will give visitors to the show an opportunity to try their hand at throwing some clay down and create something unique!

After studying 3D design at York College of Further & Higher Education I went on to run my own pottery studio and gallery in Robin Hoods Bay, North Yorkshire and have subsequently worked in schools, colleges and specialist care settings for over 15 years, teaching and inspiring students of all abilities and ages to “have a go”.

My own interests and inspirations include historical pottery, specifically Early Medieval which is born of many years as a historical re-enactor taking part in Late Roman, Saxon and Viking events both throughout the UK and in Norway. My studio ceramics are often inspired by the natural and industrial landscape and display my love of texture and exploration of the ways in which texture can alter the form and shape of a piece.

Alfresco Forge

See a skilled blacksmith at work on an outdoor, mobile forge. He will use simple tools to demonstrate how to forge and manipulate a piece of steel in its red hot state, as well as demonstrating how fires were lit before the advent of matches.

www.alfrescoforge.co.uk

Pole Lathe

The **pole lathe's** origin is lost in antiquity; we know that Vikings used them from archaeological finds.

A **pole lathe** is a wood-turning device that uses a long pole as a return spring for a treadle which in turn is worked with the foot.

See this skill in action with live demonstrations throughout the day.

The Purple Pig Company

The Purple Pig Company works closely with FACE (farming and countryside education) to provide fun and education using friendly animals in a wide variety of venues.

The list of animals at The Purple Pig is always growing; here is a list of our current animals:

Lambs, Calves, Pigs, Ponies, Donkeys, Goats, Chickens, Ducks, Turkeys, Owls, Rabbits, Guinea Pigs, Chinchilla, Degu, Rats, Mice, Ferrets, Snakes, Spiders, Stick Insects, Cockroaches and Snails.

We will be bringing along lots of interesting animals and creatures for you to stroke, pet and hold, including calves, lambs, pigs, chicks and rabbits.
